

SECTIONS 2A, 2B & 2C PROJECT OVERVIEW (429-205, 429-204 & 429-206)

Section Overview: The three sections of the Wekiva Parkway (State Road 429) will be located from just north of the Kelly Park Road interchange between Round Lake Road and Mount Plymouth Road (County Road 435).

Total Project Length: 5 miles

Estimated Construction Cost: \$150 million

Project Schedule*:

| | |
|---------------------------|-----------|
| Final Design: | 2012-2014 |
| Right-of-Way Acquisition: | 2013-2015 |
| Construction: | 2017-2019 |

**Schedules are subject to change due to a host of variables.*

Project Descriptions:

Section 2B (429-204): This 1.5-mile project includes the multi-level, systems interchange and will extend the limited access roadway northwest to the Lake County line. On the east side of the systems interchange the roadway will extend to just east of Plymouth Sorrento Road.

Section 2A (429-205): This 2-mile limited access roadway will connect with 429-204 (map section 2B) to the west and FDOT Sections 4A & 4B to the east. Work will include new bridges over Morris Access Road, a Florida Gas Transmission easement and Mount Plymouth Road (CR 435).

Section 2C (429-206): This project involves building 1.6 miles of limited access roadway from 0.1 mile east of Round Lake Road to the Lake County-Orange County line.

Special Features: All electronic tolling will provide the greatest customer convenience and maximize traffic flow. The parkway also will include aesthetics features, which are currently being designed.
